

ACIC Yearly Activities

Present an annual professional development conference

Network with local, state, and national coalitions

Host quarterly meetings

Celebrate national health observances

Organize community immunization clinics

Partner with schools to promote childhood and adolescent immunizations

Participate in community health events

Encourage participation in the statewide immunization registry: Pennsylvania Statewide Immunization Information System (PA – SIIS)

Create and launch campaigns to raise immunization awareness in Allegheny County

Mission Statement

The Allegheny County Immunization Coalition (ACIC) utilizes a multidisciplinary approach to promote access to and understanding of immunizations across the lifespan for Allegheny County residents.

If you are interested in promoting immunizations across the lifespan

WE NEED YOU
